MEMORANDUM FOR THE RECORD

**SUBJECT: Meeting with Representatives of Mutual of Omaha
and Civil Service Commission**

Today, the undersigned met with Mr. Irv Kater and Mr. Gordon Peterson of the Bureau of Retirement and Insurance/CSC, and with Mr. Tom Premo of Mutual of Omaha, at the Civil Service Building, for discussions concerning revision of the Association Plan brochure, as well as certain other problems connected with proposed changes in the Mutual Hospitalization Contract for the year beginning November 1964.

After a lengthy discussion, the changes necessary in the brochure mentioned above, were agreed upon and Mr. Premo will make the necessary changes, following which it will be submitted to the undersigned for preparation of proofs. Mutual, Civil Service, and this Branch will review the proofs and, following agreement, will take steps to print them, having them ready for distribution by November 1, 1964. Disposition following that time will be made to EOD's.

STAT The question arose concerning the advisability of the 1% administrative raise, across the board, for both High and Low Option, with our favoring the raise and Civil Service not raising. However, the question was put to [redacted] and I was informed later in the day that they had agreed to raise both the High and Low Option 1% for administrative costs.

STAT The question of GEHA's rates being shown in the Federal Personnel Manual was discussed and, after discussing the subject later with Chief/BSD, Mr. Kater was informed that we did not wish this to be listed, a request they were glad to honor.
